

Quiz Review

Teaching Experiment

Rules

- **You must answer the questions within your group**
 - **No talking to other groups!**
- **Everyone in your group must answer the question on their own paper. If confused, ask your group for help!**
 - **You may not move on until everyone understands how to do each problem!**
- **Each correct answer is worth 10 points.**
- **If you ask me for help you will lose one point per question you ask me.**

Instructions

- You will be handed one question at a time.
- In groups of 4, each person must solve at least 2 questions.
- Write the letter to the correct answer in the corresponding box on your worksheet.
- Once you solve the problem, you will check with me if your answer is correct.
 - If correct, I will give you a different problem.
 - If incorrect, you must go back to your group and redo the problem to get the correct answer.
- You will be racing against the other teams to finish all 10 problems.

First team to correctly answer all 10 questions wins!

So What Do You Win?

First Place

10 points on any
one (1) missing
homework
assignment

Second Place

5 points on any
one (1) missing
homework
assignment

Third Place

3 points on any
one (1) missing
homework
assignment

Here are the Answers
